SWITCH TO
SOLAR
AND SAVE ON YOUR BILL

CLEAN ENERGY TO SPARK A
BETTER FUTURE

Reduce your bill with NEM

The concept of **Net Energy Metering (NEM)** is that the energy produced from the installed solar PV system will be consumed first, and any excess will be exported to **TNB** on a **"one-on-one"** offset basis.

- 1 Solar Panel**
Panels convert sunlight to solar energy.
- 2 Inverter**
Inverter converts DC to AC power and channel the power to the distribution board.
- 3 Main Distribution Board**
Solar energy will be used for your house consumption first.
- 4 Excess solar**
Excess solar energy is exported to TNB. Any shortfall will be supplied by the grid.
- 5 NEM Meter**
Bidirectional NEM meter records how much energy you buy and sell to TNB and will be reflected in TNB bill.

Electricity bill saving

Hedge against tariff hike

Earn a great return on investment

Save the Earth

Why SOLAR?

From reducing customer's utility bill to preserving the environment, the benefits are endless. Now with attractive support schemes given to the industry, the best time to go **Solar** is NOW!

Save **90%** or more
on your electricity bill
with us today!

This is how can you can save with Solar PV

TNB Bill (RM)	Suggested Solar PV Size (kWp)	Energy from Solar PV (kWh)	Potential Saving (RM)	Your New TNB Bill (RM)
90 - 190	3	315	88 - 145	2 - 45
200 - 240	5	525	197 - 220	3 - 20
250 - 360	6	630	249 - 315	1 - 45
370 - 480	8	840	367 - 434	3 - 46
490 - 600	10	1050	487 - 554	3 - 46
610 - 780	12	1260	607 - 696	3 - 84
790 - 900	15	1575	787 - 854	3 - 46

*Disclaimer

1. Saving calculation is based on 3.5 Peak Sun Hour.

2. Suggested Solar PV size is aimed at maximizing saving on your bill. You may opt for smaller system size but with less saving.

3. Subject to availability of your rooftop determined during site assessment.

4. Bigger than 15kWp system size is also available.

Your **Green** Investment

Size (kWp)	3	5	6	8	10	12	15
Published Price (RM)	18,900	30,500	36,800	44,100	48,300	57,800	78,800

*We also cater for system size bigger than 15kW

Package inclusive of

Complete Solar PV systems with tier 1 PV module and leading inverter technology

Online monitoring on mobile app

Product & performance warranty

- 25 years panel performance warranty
- 10 years panel warranty
- 5 years inverter warranty

1 year workmanship warranty

First year FREE maintenance

Net Energy Metering (NEM)

Flexible Payment Options

Cash

0% Credit Card Instalment

Personal Loan

Why **GSPARX**?

- Backed by Tenaga Nasional Berhad with 70 years of experience in the electricity industry.
- The best consultation and the highest quality of product & workmanship
- End to end solution so that you can enjoy clean energy worry free!
- Offering you with the right solution at the right price.

Meet The Team

At GSPARX, we are truly passionate about solar and clean energy.

With 70 years of experience in providing electricity to the nation, rest assured that we bring you only the best quality of product and services to make your solar journey a worthwhile pursuit.
